

True Balance Air Mattress

The True Balance Air is a highly effective, non-powered pressure redistribution mattress with combined high density foam and self-adjusting air cells, providing optimum support for the treatment and prevention of pressure ulcers.

FEATURES OF THE TRUE BALANCE AIR SERIES

Eight horizontal, interconnected air chambers automatically adjust to a patient's position for optimum pressure redistribution.

- ▶ Anti-Microbial and hypo-allergenic replaceable cover is easy to clean
- ▶ Zipper-flap closure for easy access to mattress
- ▶ Posterior high density foam layer prevents bottoming-out from occurring
- ▶ Interconnected air cells for even, quiet, non-powered pressure redistribution
- ▶ Sloped heel design for optimal heel pressure reduction
- ▶ Standard fire barrier for regulatory compliance
